Area

Karaj, Iran

ABOUT ME - MOTIVES

I'm interested in coding and developing websites and apps that help people and make their life easier. I also love the fact that I can participate in the development of this modern era we are living in, so I always try my best to achieve the best possible results no matter how big or small the project is.

Personal Traits / Soft Skills

I am ...

- capable of maintaining a friendly atmosphere while respecting teammates and colleagues
- am open to suggestions and criticism that helps me to improve myself and my profession
- eager to learning new skills and technologies each and every day
- a real competitor. I try my best to keep up with others ,but the main goal is to compete with my older versions

HOBBIES

Coding, Reading Books, Listening to Music, Watching Movies, Kickboxing

My Projects

- All-Gradients - a site to use pregenerated gradients or to generate your own gradients
- CtyproPrice App with price chart and watchlist
- Notes Application with custom built text editor
- Typing Speed Test Application
- Online simple to use image editor

And more - for further info visit my personal website
